CCTSI Integration with the Office of the Vice Chancellor of Research

Tom Flaig, MD
Vice Chancellor for Research
University of Colorado
Denver | Anschutz Medical Campus
Central CU Anschutz IND/IDE Program
IMPLEMENTATION OF CENTRAL IND/IDE OFFICE

January 1, 2023
Central IND/IDE Office announced

July 1, 2023
Central IND/IDE Office implemented

August 23, 2023
New Institutional Sponsor Authorized Representative documented with FDA
CENTRAL INTAKE FORM

To initiate a request for assistance with FDA communication:

- Complete the central intake form at https://research.cuanschutz.edu/cros/ind-ide-office
- Provide additional information and documentation as requested
Clinical Research Recruitment Program
Clinical Research Recruitment Program

Helping investigators raise awareness of their studies and engage people in trials.

- Drive awareness and utilization of central recruitment resources.
- Align recruitment resources; reduce duplication of efforts.
- Decrease the number of discontinued studies due to under-enrollment.
- Establish and build infrastructure and a dedicated recruitment team.
- Increase the diversity of clinical research participants across campus.
Clinical Research
Workforce Development
WFD 2023-2024 Overarching Goals

• Onboarding
  • Workgroup developing curriculum

• 3 Cs: Communication, Connection, Collaboration
  • Teams
  • Round Table
  • Individual connection points (internal/external partners)

• Diversity in the workforce
  • Pathways program
  • Spring Institute
Research Development & Strategy
Research Development & Strategy Activities

Cross Cutting Themes
- Building research synergies
- Strategic Intelligence for decision making
- Strengthening research collaborations
- Transparent and timely communication

Internal Funding & Communications
- AB NEXUS
- ASPRIRE
- RD Communications
- Federal Liaison

Strategic Partnerships
- CU Anschutz
- UC System
- Industry & Academic
- Federal & Foundation

Extramural Funding
- Limited Submission
- Capture Management
- Federal Landscaping (DoD & ARPA-H)
- Federal Liaison

Funding Data
Foundational Systems and Resources
Website
- Funding and outcome metrics
- Information Systems
- Newsletters and Alerts

Funding Opportunities and Agency Initiatives

Processes for tracking, monitoring and communicating
Implementation of new funding database*

Broad Communication Strategies

Targeted Communication Strategies

- Investigator Email
- Lab/Team Email
- Research Deans Email
Coordination with CCTSI and OVCR

• Strong alignment between CCTSI and OVCR
  • Coordinated effort to empower investigator to advance their research programs

• Leadership alignment
  • VCR is an active member of the CCTSI executive committee
  • Director of the CCTSI is an active member of the campus AVCR executive leadership meeting
  • Monthly meetings individual meetings
  • Regular leadership meetings with the CCTSI leadership/VCR

• Goal is to align related CTSA and institutional research support functions in a manner to facilitate translational research
